

Argentina southern solar container

<div class="df_qntext">Where is the largest photovoltaic plant in South America?

All thanks to the inauguration of the largest photovoltaic plant in South America. Located in the Puna of Jujuy, the Cauchari plant has been equipped with more than 900 thousand solar panels that will occupy 600 hectares in the town of Susques, about 4200 meters above sea level.

<div class="df_qntext">What is a Cauchari solar plant?

Everything fills, everything contributes. The Cauchari solar plant project has been developed over several years, with a considerable investment from international loans and the support of the Argentine government. The plant consists of 3 stations: Cauchari I, II and III, all operating to inject energy into the national interconnected system.

<div class="df_qntext">Where is the solar plant located in Jujuy?

Located in the Puna of Jujuy, the Cauchari plant has been equipped with more than 900 thousand solar panels that will occupy 600 hectares in the town of Susques, about 4200 meters above sea level. This project will not only provide clean energy, it will also generate local employment, contributing to the economic development of the region.
