

# Brunei port solar container power station

<div class="df\_qntext">Where will a solar plant occupy a remediated landfill in Brunei?

The solar plant will occupy a 33.3-hectare remediated landfill in Kampong Belimbing, a village in the Brunei-Muara district of northern Brunei. The project already has a land lease agreement with the government.

<div class="df\_qntext">Will Malaysia build Brunei's first solar plant?

A joint venture partly owned by a subsidiary of Malaysia's Solarvest will build Brunei's first utility-scale solar plant under a 25-year power purchase agreement (PPA) with the Brunei government. A 30 MW solar park is under development in Brunei. Seri Suria Power (B) Sdn. Bhd., a newly formed joint venture, will build and operate the project.

<div class="df\_qntext">What are the major solar installations in Brunei?

Major active solar installations in Brunei include the country's first, Tenaga Suria Brunei, launched in 2010 with a capacity of 1.2 MWp, and Brunei Shell Petroleum's 3.3 MWp solar plant, launched in 2021 to supply power to its headquarters. Both plants have plans for further expansion.

<div class="df\_qntext">Who owns a 30 MW solar park in Brunei?

A 30 MW solar park is under development in Brunei. Seri Suria Power (B) Sdn. Bhd., a newly formed joint venture, will build and operate the project. The company is owned by Atlantic Blue Sdn.

<div class="df\_qntext">Who owns solarvest in Brunei?

Atlantic Blue holds a 34% stake in the joint venture. Khazanah Satu owns 30%, and Serikandi holds 36%. Solarvest confirmed in a filing to Bursa Malaysia that the government of Brunei has signed a 25-year power purchase agreement effective from the plant's commercial operation date. Construction is scheduled to finish by the end of next year.

<div class="df\_qntext">Is Brunei a solar country?

Tenaga Suria Brunei, launched in 2010 with a capacity of 1.2 MWp, and Brunei Shell Petroleum's 3.3 MWp plant, launched in 2021 to power its headquarters, are also part of the country's solar portfolio. 30 MW solar plant on remediated landfill in Kg Belimbing, developed by Malaysia's Solarvest, Serikandi and Brunei government's Khazanah Satu.
