

Electric solar container heating cost

<div class="df_qntext">Does stealth power offer solar for shipping containers?

We are proud to partner with one of the leading providers of factory installed solar options for shipping containers. Learn more about the product and inquire below. Who is Stealth Power? Stealth Power provides fleet electrification and off grid solar solutions for customers of all kinds.

<div class="df_qntext">How much solar can a 20 foot container hold?

20 foot containers can expand from 3,000W of solar up to 6,000W. 40 foot containers can expand from 3,000W up to 12,000W of solar in the future. We love the strategically placed solar panels on top of the container roof - we've accomplished this secure mounting with our field tested RPS Scalable Ground Mount.

<div class="df_qntext">Do you supply shipping container convector heating?

We supply Shipping Container Convector Heating in the form of 2KW wall mounted convector heaters inside your container along with a RCD consumer unit.

<div class="df_qntext">Do I need heating in my container?
