<div class="df\_qntext">Do foreign companies need a safety audit in Italy?

All employers - whether Italian or foreign - are required to assess, manage, and mitigate risks related to employee health and safety. At Iacovazzi Global Business Lawyers, we assist foreign companies operating in Italy in navigating their safety obligations, preparing compliant documentation, and managing inspections and liabilities.

<div class="df\_qntext">Do all companies in Italy need a safety risk assessment?

All companies in Italy - regardless of their size or sector - must perform a safety risk assessment. When Should the Assessment Be Performed?

<div class="df\_qntext">Does Italy have a health & safety law?

Ensure Compliance with Italian Health & Safety Legislation (D.Lgs. 81/2008) In Italy, workplace safety is a legal obligation governed by the Consolidated Law on Occupational Health and Safety (D.Lgs. 81/2008). All employers - whether Italian or foreign - are required to assess, manage, and mitigate risks related to employee health and safety.

<div class="df\_qntext">What is the EN 12195-1 cargo securing portal?

Coming soon... Graduated in Automotive Engineering, I have been dealing with cargo securing for years, with particular regard to the application of the EN 12195-1 standard. The portal contains information relevant to cargo securing and the technical roadside inspections introduced by Directive 2014/47/EU.

<div class="df\_qntext">Do you need a risk assessment training in Italy?

According to Italian law, risk assessment training must be given to their workers in all companies in order not to risk sanctions. There are many compulsory training courses and all paid by the employer: from general to specific training, up to emergency management (which we analyse in a later chapter).
