

Minsk cape verde solar container project bidding

<div class="df_qntext">Does Cabo Verde have a national electricity master plan?

This involves designing and building an electricity generation, grid and storage system up to 2029. This investment falls under Cabo Verde's national electricity master plan 2018-2040, and will reduce the country's dependence on expensive and polluting fossil fuels by 2040.

<div class="df_qntext">What does Cabo Verde's Deputy Prime Minister say about strategic investments?

Deputy Prime Minister, Minister of Finance and Business Development and Minister of Digital Economy of Cabo Verde Olavo Correia said: "It is with great enthusiasm that we welcome these strategic investments- a major step forward on our journey to sustainable development and technological innovation.

<div class="df_qntext">How will Cabo Verde improve the maritime economy?

In addition to the extension of breakwaters and mooring docks, basic infrastructure will also be installed to make it easier for the private sector to invest in the growing maritime economy sector in Cabo Verde.

<div class="df_qntext">How can Cabo Verde become a digital crossroads?

This initiative will therefore boost innovation and support the creation of highly skilled jobs in Cabo Verde, turning the country into a digital crossroads between Africa, Europe and South America. 3) Development of port infrastructure, with joint EIB-EU support of EUR105 million for expanding and modernising Cabo Verde's strategic ports.

<div class="df_qntext">How will the European Union help the Cabo Verde government?

The European Union is working with the EIB to provide the Cabo Verde government with EUR105 million in financing to expand and modernise several of the country's strategic ports, notably Porto Grande in Mindelo on the island of São Vicente, Porto Novo on Santo Antão and the port of Palmeira on Sal.

<div class="df_qntext">What is the European Union's Global Gateway strategy in Cabo Verde?

This decision falls under the European Union's Global Gateway strategy in Cabo Verde. 1) Support for Cabo Verde's energy sector, with Team Europe funding of EUR159 million provided by the EIB, European Union and Luxembourg. This involves designing and building an electricity generation, grid and storage system up to 2029.
