

Nordic solar container factory operation information

<div class="df_qntext">Where is Nordic solar launching its first battery energy storage system?

Yesterday, Nordic Solar officially inaugurated its first battery energy storage system (BESS) park in Denmark. The facility, located in Borup in the Municipality of Hillerød, marks a great milestone in the company's strategy to integrate battery storage into its portfolio of solar energy projects across Europe.

<div class="df_qntext">What does Nordic Solar do?

At Nordic Solar, we have made it our business to add more renewable energy to the energy system. We develop, construct and operate utility-scale solar parks and BESS in European growth markets. We also divest assets to make new investments in solar energy solutions. Dive into our business model and get insight on our strategic focus.

<div class="df_qntext">Where can I find financial information about Nordic solar?

Across our Investor Relations section, you will find financial reports, have access to recorded webinars and our financial calendar and see information on who to contact at Nordic Solar. In that respect, we seek an active and transparent dialogue with all financial market participants.

<div class="df_qntext">Why should I join Nordic solar?

Joining Nordic Solar means building a career with exciting opportunities. You will find a space to grow, learn and engage in a collaborative environment. Battery Energy Storage Systems (BESS) are the perfect complement to solar energy, which is one of the most predictable and cost-efficient renewable energy sources available.

<div class="df_qntext">What is Nordic solar's financial communications & investor relations?

In that respect, we seek an active and transparent dialogue with all financial market participants. Nordic Solar's financial communications and other investor relations activities aim to ensure that relevant, accurate and timely information is made available. Access our range of financial reports and presentations.

<div class="df_qntext">What can a Nordic solar shareholder do?

Shareholders of Nordic Solar can access additional information provided by the company, find current shareholdings and sign up for general meetings. At Nordic Solar, we value transparency and actively engage with our investors.
