<div class="df_qntext">Will Spain start a new energy storage scheme?

The Ministry of the Environment of Spain has launched its latest financial support scheme for energy storage, aiming to kickstart 2.5-3.5GW.

<div class="df_qntext">Does Spain support energy storage?

Spain already backs energy storage with more than EUR600 million of NextGenEU funding which was allocated as part of Spain's, post-Covid Recovery, Transformation, and Resilience Plan. From pv magazine España.

<div class="df_qntext">How will the European Commission support large-scale energy storage in Spain?

The European Commission on Monday approved a new aid scheme for the deployment of large-scale electricity storage in Spain. Subsidies will be available for standalone energy storage sites, projects installed alongside renewable energy facilities, and storage planned as part of thermal power plants.

<div class="df_qntext">What is Spain's energy storage program?

For stakeholders in battery storage, thermal storage, and pumped hydro, this program offers not only financial backing but also long-term stability and political support. Spain has launched a EUR700 million energy storage program to support battery, thermal, and pumped hydro projects, aiming to deploy 2.5-3.5 GW of capacity.

<div class="df_qntext">How has Spain strengthened its energy infrastructure?

Spain has taken a decisive step in strengthening its energy infrastructure with the launch of a EUR700 million support scheme aimed at expanding large-scale energy storage across the country.

<div class="df_qntext">How much money will Spain spend on energy projects?

Nearly half of the financial support will be allocated to the southern region of Andalusia, with EUR311 million, followed by the northwestern region of Galicia with EUR86 million and the central region of Castilla-La Mancha with EUR80 million. The projects will make the energy system in Spain more flexible, robust, and resilient, MITECO said.

Stakeholders Overview o Country Level Stakeholders The ports in Spain are owned by the government without the involvement of any municipality and the port authorities report to the central government. ...
