

Shouhang world technology mainly focuses on solar container business

<div class="df_qntext">What does shouhang do?

Shouhang is a high-tech enterprise providing services such as design, manufacture, sales, installation, management, commissioning, training and general contracting of power plants.

<div class="df_qntext">What happened to guoneng Liupanshan power plant?

The No. 1 steel structure indirect air-cooled tower of Guoneng Liupanshan Power Plant, which was EPC contracted by Shouhang High-Tech Energy Technology Co., LTD., invested by National Energy Group and constructed by Hunan Industrial Installation Company, has officially been topped out.

<div class="df_qntext">Will Ningxia Liupanshan power plant invert its intercooling tower?

Recently, the No. 1 intercooling tower of Ningxia Liupanshan Power Plant, with Shouhang High-Tech as the leading EPC general contractor, has achieved a significant milestone - the first (15th and 16th floors) lifting was successfully completed, marking that the project will officially enter the inverted installation stage.

<div class="df_qntext">What is Zhongguancun new energy seawater desalination industry technology innovation alliance?

The Zhongguancun New Energy Seawater Desalination Industry Technology Innovation Alliance was jointly initiated and established by 13 units including Shouhang Energy Conservation, Beijing Enterprises Water Group, and Shougang Corporation.

<div class="df_qntext">Where is China's first 100 megawatt molten salt solar power plant?

[Photo/IC] The country's first 100-megawatt molten salt solar thermal power plant in Dunhuang, Northwest China's Gansu province, has successfully generated power while operating at full capacity on Monday morning, Chinanews.com reported. Nearly 20 hours of operating records on Monday show the systems at the power plant have been normal and stable.

<div class="df_qntext">What is China's first large-scale solar thermal power station?

In October 2018, China's first large-scale solar thermal power station, Delingha 50 MW solar thermal project, was officially put into operation, which made China the eighth country in the world to master large-scale solar thermal technology.

Shouhang High-tech Energy Technology Co., Ltd. (hereinafter referred to as "the company" or "Shouhang High-tech") plans to carry out the manufacturing and sales of supercritical carbon dioxide ...

After the World Future Summit closed, Shouhang Hi-Tech attended the China (Gansu)-UAE (Dubai) Specialty Industry Project International Investment Promotion Conference held ...

Shouhang world technology mainly focuses on solar container business

Water Technology SHOUHANG|Power Plant Air Cooling System|solar thermal power generation Develop More Resources Create More Values Based on its rich experience in seawater desalination ...
