

Solar container exhaust fan

<div class="df_qntext">What is a big air 400 CFM solar powered roof vent?

The BIG AIR 400 CFM Solar Powered Roof Vent is engineered to be installed on the roof of shipping containers. The vent comes with a 11 7/8 x 14 11/32 range hood filter (Bug Screen) In order to exhaust the full 400 CFM, 2 Big Air 45 Vents are required for air intake. As an Amazon Associate, we earn from qualifying purchases.

<div class="df_qntext">How do solar roofblasters work for Conex containers?

Our Solar RoofBlasters vents for Conex Containers bring in fresh, cooler air and expel the hot air allowing air to circulate throughout the container anytime the sun is shining. The fresh air will also help remove odors, gas fumes, etc from smelling up the container. Proper ventilation helps mediate moisture buildup through uniform air movement.

<div class="df_qntext">How many intake vents do I need for a Conex solar Blaster?

BEST DEAL: For every two Conex Solar Blaster products (RoofBlasters or LightBlasters for Conex containers) purchased,you'll receive a set of 4 intake ventsfor FREE. We recommend four intake vents for every solar vent you purchase to install on your container,so if you need more intake vents,please purchase more sets below. Choose...

<div class="df_qntext">How many vents should a steel container have?

We recommend 1-2 ventsfor every 20' of container. Remember,that uniform air movement throughout your entire container is important. You will need intake vents down low as well for fresh air to enter your container so the hotter air rises and exhausts out of the vent on your container's roof. Ventilation is Key for Steel Containers!

<div class="df_qntext">Which roof vent is best for a Conex container?

This product is an ideal ventilation choice for your Conex-brand container. CONTENTS INCLUDE: The Solar RoofBlaster Fan (patent-pending) comes pre-installed on an " metal can roof vent with flashing that has been designed to fit a Conex container's ribs that measure 3.5" or 6.5" ribs when measuring the top flat portion of the roof rib.

<div class="df_qntext">Can I use a bigair45 fan on a shipping container?
