

Solar container fan heater

<div class="df_qntext">What is a big air 400 CFM solar powered roof vent?

The BIG AIR 400 CFM Solar Powered Roof Vent is engineered to be installed on the roof of shipping containers. The vent comes with a 11 7/8 x 14 11/32 range hood filter (Bug Screen) In order to exhaust the full 400 CFM, 2 Big Air 45 Vents are required for air intake. As an Amazon Associate, we earn from qualifying purchases.

<div class="df_qntext">Can I use a bigair45 fan on a shipping container?

Disclaimer: To be used in conjunction with BigAir45 vents for HAZMAT storage so that there is adequate passive ventilation at times when the solar-powered fan is not in operation. Engineered to be installed anywhere on shipping container, van trailers & all wood construction building rooftops 10 W monocrystalline solar panel. No on or off switch!

<div class="df_qntext">How many intake vents do I need for a Conex solar Blaster?

BEST DEAL: For every two Conex Solar Blaster products (RoofBlasters or LightBlasters for Conex containers) purchased, you'll receive a set of 4 intake vents for FREE. We recommend four intake vents for every solar vent you purchase to install on your container, so if you need more intake vents, please purchase more sets below. Choose...

<div class="df_qntext">How do solar roofblasters work for Conex containers?

Our Solar RoofBlasters vents for Conex Containers bring in fresh, cooler air and expel the hot air allowing air to circulate throughout the container anytime the sun is shining. The fresh air will also help remove odors, gas fumes, etc from smelling up the container. Proper ventilation helps mediate moisture buildup through uniform air movement.

<div class="df_qntext">How to prepare a solar thermal container?

To prepare the container, identify an outward corrugation for the vent holes (it comes out of the container toward you as you view it from the outside). Be sure to select a corrugation that will leave enough space (about 24") on either side to ensure that the entire back of the solar thermal unit is supported by the container.

<div class="df_qntext">Which roof vent is best for a Conex container?

This product is an ideal ventilation choice for your Conex-brand container. CONTENTS INCLUDE: The Solar RoofBlaster Fan (patent-pending) comes pre-installed on an 8" metal can roof vent with flashing that has been designed to fit a Conex container's ribs that measure 3.5" or 6.5" ribs when measuring the top flat portion of the roof rib.
