

Solar container odm key customer sales

<div class="df_qntext">What is the difference between OEM and ODM solar inverter?

As the OEM solar inverter is custom designed, the product will be manufactured exclusively for the customer. ODM Service When our inverters do not meet your specific requirements and your company does not have an off-the-shelf product, our team of engineers can work with you to customise the inverter to meet your requirements.

<div class="df_qntext">Who is ODM solar?

Shenzhen ODM Solar Co., Ltd., established in 2010, is devoted to providing affordable solar power solution to people around the world who can't access to the reliable energy. Our company is located in Shenzhen, the high-tech city of China. ODM SOLAR has been providing ODM/OEM service for many well-known solar products brand companies globally.

<div class="df_qntext">What services does an OEM solar inverter offer?

OEM Services If the customer already has their product design, we can provide manufacturing and testing services and then deliver the product. As the OEM solar inverter is custom designed, the product will be manufactured exclusively for the customer. ODM Service

<div class="df_qntext">What is the global solar PV supply chain worth?

In that last year, the global solar PV chain reached an industrial business value of some 104.7 billion U.S. dollars, with China dominating the market, and followed by the United States and Malaysia. Discover all statistics and data on Global solar PV supply chain now on [statista.com](https://www.statista.com)!

<div class="df_qntext">Why do we use OEM/ODM?

Today, we leverage our OEM/ODM expertise in our cooperation with the leading PV inverters and module manufacturers around the globe. Whether we are talking about our largest products or smaller ones, saving space is always on our minds. Space means money and we want to help our customers achieve profitable growth.
