

The first equipment manufacturing company in the solar container industry

<div class="df_qntext">What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest. Panels lay flat on the ground.

<div class="df_qntext">Who is SC solar?

SC Solar's business has covered all mainstream solar enterprises domestically and abroad, and the products have been exported to 30+ countries and regions around the world. Specializing in R&D, manufacturing, sales and service of intelligent equipment in the solar industry.

<div class="df_qntext">How long has NPC been in the PV industry?

About 30 years of experiences and trust NPC entered into the PV industry in 1994, having provided PV module manufacturing equipment for about 30 years for PV manufacturers throughout the world. NPC Incorporated is a machine manufacturer for PV and other industries.

<div class="df_qntext">Where are solar power plants made?

Headquartered in Shanghai with 50,000m²+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.

<div class="df_qntext">What is a mobile photovoltaic system?

That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. This system is realized through the unique combination of innovative and advanced container technology.

<div class="df_qntext">Who is solarcont GmbH?

SolarCont GmbH was created through a cooperation between the two successful companies Hilber Solar GmbH from beautiful Tyrol and the company Gföllner Fahrzeugbau und Containertechnik GmbH, which is deeply rooted in Upper Austria. This cooperation makes it possible to develop a completely new type of mobile solar system.

The solar container sector is rapidly evolving, driven by the need for flexible, scalable renewable energy solutions. As the industry matures, selecting the right vendor becomes crucial for ...

Nonetheless, the overall outlook for the solar container industry remains highly optimistic. With increasing global awareness of energy conservation and environmental protection, ...

The first equipment manufacturing company in the solar container industry

Horad is a specialist in solar panel manufacturing equipment. Our company is committed to providing efficient turnkey lines and a range of individual equipment for customers from around the world. Our ...

The solar container market value is projected to be USD 0.83 billion by 2030, growing from USD 0.29 billion in 2025, at a Compound Annual Growth Rate (CAGR) of 23.8% during the forecast period.

Intro The shipping container industry plays a vital role in the global economy, facilitating the movement of goods across countries and continents. Without shipping containers, the transportation of goods ...
