<div class="df_qntext">Which company is building a solar power plant in Qatar?

Doha,Qatar: QatarEnergy signed an agreement with Samsung C&T's Engineering &Construction Group (Samsung C&T) for the construction of a world-scale solar power plant in Dukhan,about 80 kilometers west of Doha.

<div class="df_qntext">What is Qatar's largest solar power project?

Samsung C&T E&C Group has been awarded the contract for Qatar's largest solar power project,underscoring its growing leadership in renewable energy infrastructure. Commissioned by QatarEnergy,the 2,000MW Dukhan Solar Power Projectrepresents the largest capacity solar facility ever undertaken by a Korean construction company.

The 800MW Al Kharsaah photovoltaic (PV) power project is Qatar's first large-scale solar power plant. The solar power project helps in reducing Qatar's reliance on gas for power generation. Credit: Kahramaa. The 800MW Al Kharsaah solar power project was inaugurated in 2022. Credit: Sungrow Power Supply Co.

<div class="df_qntext">How will the Dukhan solar power plant impact Qatar?

The Dukhan solar power plant,one of the largest in the world,will be developed in two phases,reaching a total electricity generation capacity of 2,000 megawatts (MW) by mid-2029. Once completed,it will double Qatar's solar power production capacity,contributing significantly to the country's renewable energy goals.

<div class="df_qntext">Why is Qatar launching a solar power plant?

The start-up of the Al Kharsaah solar power plant represents a milestone in the country's energy history,since it is set to produce 10% of its peak electricity demand at full capacity. Over its lifespan,it will also enable Qatar to reduce its CO 2 emissions by 26 million metric tons.

<div class="df_qntext">What is Qatar's first large-scale solar project?

Al Kharsaah,Qatar's 1st large-scale solar project,will start providing sustainable,economical,and clean energy to enterprises,organizations,and citizens via the Qatari grid in 2021,with a 350 MWp capacity initially,before attaining maximum capacity in 2022.
