

Which company should i go to for solar container welding in iraq

<div class="df_qntext">Where can I install a 12 kW solar system in sulaymanyiah?

In spring 2019 we asked Alhadbaa Modern Company, located in Erbil, to install a 12 KW solar-system on the roof of our monastery in Sulaymanyiah.

<div class="df_qntext">Can solar energy be installed on a commercial roof?

Commercial and industrial (C&I) property owners can benefit from installing solar energy on business or factory roofs, or as ground-mounted systems on a campus. Many corporations have massive manufacturing facilities with expansive, flat roof space - AKA the perfect place to generate clean, inexpensive solar energy.

<div class="df_qntext">How many solar panels does alhadbaa have?

The company, Alhadbaa, did all required designs and started implementing the system as planned. The system consisted of 632 solar panels each panel being 310W, six sunny island off-grid inverters, eight Sunny Tripower on-grid inverters, 4000 Ah lithium batteries, Multi cluster box, and Data Manager M.
