<div class="df_qntext">How big is Jiangsu New Yangzi Shipbuilding?

Draft: 13.0m /42.7ft Jiangsu New Yangzi Shipbuilding Co., Ltd. was established on May 12, 2005, with registered capital of RMB 521 million.

<div class="df_qntext">What will happen to Yangzijiang's containerships in 2030?

If the 2030 emission standard is strictly enforced, many of Yangzijiang's old containerships will have to be replaced or upgraded. These developments would lead to higher volume and profitability for Yangzijiang. In the near term, the near record high order book filled with high margin containerships bodes well for the coming 2 to 3 years.
